I will deliver actionable, objective insight to executives and their teams. My expert guidance and tools enable faster, smarter decisions and stronger performance on an organization's most critical priorities.

- Elvira is a C-Suite executive and Board Director with over 30 years of experience in Technology and Global Business Digital Transformation. Elvira's career reflects a demonstrated track record in leading successful large-scale technology focused transformation initiatives, optimizing technology enablement to support business in complex and global business environments. She also brings deep corporate governance experience through her work with corporate boards, including audit, risk and compliance committees and is qualified to serve on audit committees as a regulatory compliance, AI and data privacy expert, VP Chief Security Officer and CIO.
- Elvira has been recognized for her leadership and influence, standing out as one of the Top 100 Most Powerful Women in Business 2024 for four consecutive years, among the Top 50 Women in Cybersecurity in Latin America and Top 50 Most Influential Hispanic Tech Leaders. She has also been named CIO of the Year 2023 in Mexico and LATAM, ranks among the Top 20 Most Admired CSOs and CISOs, and was chosen as the CISO of the Year 2023 in Mexico and LATAM. Furthermore, she is acknowledged for her contribution to the global Women in Tech movement, driving semifinalist the 50/50 Global Women for Boards initiative and being rewarded as the most admired inspirational leader WOMEN in TECH for LATAM.
- She has been featured in renowned publications, including Forbes, Expansión Mujeres, Women of Influence, T21, and others. Elvira shares her perspective and knowledge by serving on boards of professional, educational, and nonprofit institutions, such as WOMCY, Girls in Tech, Women In TECH, Girls on Track, Mujeres en TECH, AIMX, IAB and the ITESM EGADE Board of Directors Academy.
- She has strong academic foundation underpinned by a PhD in Neurosciences, with a focus on AI development, digital customer behavior, and cybercriminal psychology.
